Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Windows 10: Quick Start Guide to Learn the Basics is a guide that will help you to easily and quickly use your Windows 10 like a pro. Just by learning the basics! In this book you will learn about the latest features of Windows 10 that give it a major boost from the disappointment that was Windows 8. You will also find no-nonsense tips and tricks on all the basic features of Windows 10. Each chapter is straight to the point in providing you with information on how to: Understand how the new Start menu works and learn the steps in organizing the items in it, Be acquainted with apps and programs and how you can manipulate them to your advantage, Navigate and use the special shortcuts for a smooth and pro-like Windows 10 Desktop experience, Navigate through Windows Edge smoothly by learning about its basic features. There is also a bonus chapter included, which will help you use the built-in Windows 10 apps aptly named Mail, Calendar, and People for easy online socialization. It might be hard for some to imagine, but Windows 10 can be an especially useful, efficient and easy Operating System for your desktop, laptop, touchscreen tablet, and even Windows phone. This handy book will show you how to quickly navigate through the basics so that you can get through your work and play in a painless and even enjoyable way. If you are somebody who is curious about what you can do on the Windows 10, or if you have already gone through the upgrade or had it installed, then this guide is made especially for you. This book cuts through the...
