CONFUCIUS: AND THE WORLD HE CREATED

The Perseus Books Group. Hardback. Book Condition: new. BRAND NEW, Confucius: And the World He Created, Michael Schuman, Confucius is perhaps the most important philosopher in history. Today, his teachings shape the daily lives of more than 1.6 billion people. Throughout East Asia, Confucius's influence can be seen in everything from business practices and family relationships to educational standards and government policies. Even as western ideas from Christianity to Communism have bombarded the region, Confucius's doctrine has endured as the foundation of East Asian culture. It is impossible to understand East Asia, journalist Michael Schuman demonstrates, without first engaging with Confucius and his vast legacy. Confucius created a worldview that is in many respects distinct from, and in conflict with, Western culture. Despite these debates, East Asians today are turning to Confucius to help them solve the ills of modern life more than they have in a century. As a wealthy and increasingly powerful Asia rises on the world stage, Confucius, too, will command a more prominent place in global culture. Touching on philosophy, history, and current affairs, Confucius tells the vivid, dramatic story of...
