*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.During the last ten years a large volume of narcotics is being secretly delivered at sea off the East Coast of the U.S. The Coast Guard was not able to track these smugglers so a new spy aircraft nicknamed the Frigate Bird was put on station to track the smugglers and their suspected local contacts in smaller boats that were picking up the drugs at sea and bringing them ashore. In the midst of this ocean drug-smuggling activity one of the shore based drug smugglers set up a unique murder and disposal for hire operation. The U.S Naval Spec Ops Team and the Coast Guard were trying to figure out how this smuggling organization was tied together, being financed and why? Then two airplanes from Moscow crashed in August and two Chechen women were on the passenger lists, one in each plane. Russia was becoming obsessed with these Black Widow Women and with good reason. Almost every suicide bombing has been connected to Chechnya in the past two years has always involved a woman. Indeed, most of the bombing attacks have been exclusively carried out by Chechen women against the Russian Government for revenge of the war; not religion or politics!.
