AMERICA S WATER: FEDERAL ROLES AND RESPONSIBILITIES

MIT Press Ltd, United States, 1996. Paperback. Book Condition: New. New edition. 226 x 151 mm. Language: English . Brand New Book. Were water considered an industry, it would be one of the largest in the United States, surely the most capital-intensive, and the most closely regulated by Congress. Yet as Peter Rogers argues in this readable, pragmatic, and scientifically grounded assessment of national water issues, it would also be one of the most fragmented and least coherent areas of...
