

CNC programming and operations (oil and vocational education. work and study materials)

Filesize: 1.52 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.
(Derick Brekke)

CNC PROGRAMMING AND OPERATIONS (OIL AND VOCATIONAL EDUCATION. WORK AND STUDY MATERIALS)

DOWNLOAD

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 206 Publisher: Petroleum Industry Pub. Date :2011-03-01 version 1. Wangxiu Wei. Ge Yueqing editor of this numerical control programming and operation. composed by the six scenarios. each scenario corresponds to a typical part of the process . Work through the typical process parts complete the training program. to master the CNC machining process. CNC programming and CNC machine operator skills and knowledge of the purpose. to meet the NC Professional Competence and professional comprehensive quality requirements. This book presents a typical case of machining parts. mostly from oil field production practices. with a demonstration. while the book highlight the characteristics of vocational education. focusing on practical. emphasizing the practical skills training. CNC programming and operation of Higher oil can be used as numerical control technology professional. mechanical and electrical integration. course materials and CNC machining CNC machining professional skill training materials. but also for the technical officers. Contents: learning context a handle processing [learning objectives] [tasks] [knowledge] information an overview of information two CNC lathes CNC turning technology-based programming information three basic information processing components four programming instructions [] [] [self-evaluation capacity learning environment two cone pin] processing [learning objectives] [task] [knowledge] information a thread processing information processing information three two groove parts machining programming instructions [] [] [self-evaluation capacity] learning environment three assembly process [learning objectives] [tasks] [knowledge] information a bore groove information processing information two three four internal thread processing information processing information forming parts of the five macro processing [parts] [] [capacity self-assessment learning environment] four joint processing [learning objectives] [tasks] [knowledge] information a car hole information two trapezoidal thread turning [Processing] [parts] [capacity self-assessment learning environment five lever cam] [learning objectives] [processing tasks...
