Brand New Book ***** Print on Demand *****.Excerpt from The Practical Teacher: Or Familiar Explanations Illustrations of the Modus Operandi of the School Room As teaching is about to become a distinct profession in our good old State of Pennsylvania, and a higher standard of professional attainments beginning to be demanded; it is thought that a selection of educational precepts from the experience of practical Teachers, making a manual of practical directions, will be useful to Teachers generally, and especially to the young and inexperienced. The writings of Page, Mann and others, have, with the different Educational Journals, done much to assist the School Teacher: and the consequence is - a general improvement in our schools. The race of sour, formal, bookish, pouring in School-masters is passing away; and professional Teachers, endeavoring to assist the young idea to shoot, are taking their place. But the wants of the practical Teacher of the Common School, seem to demand a work, which, while it is relieved of the superabundant matter, contains the practical part of the Teacher s Library and other educational works: together with the experience of many of our Common School Teachers. Ho who has read Page, Northend, Mann, and others, has been profited thereby. He who is a regular reader of an Educational Journal, is a better Teacher than he who is not. But the wants of the times, demand something more specific. Of what avail are the lofty harangues of Bishop Potter to him who cannot teach a child his A B C? Normal Schools are the wants of the present age. Teachers Institutes, which are springing up over the State, supply, in a degree, their place. About the Publisher Forgotten Books...
