The BEST micro-survival kit in the world! Why Portable Easy to carry on your person, on a pack, and even hanging off your computer tote 26 items that have been proven effective in survival situations. You can put it together yourself or order one already made Various ways to carry it Having been an outdoorsman all of my life, traipsing around the Alpine lakes of the Bitterroot-Selway Wilderness in western Montana and northern Idaho, to the high mountain deserts of southern Utah, I have found that prior preparation is vital. I started out by carrying a Survival Kit, which usually weighed more than five pounds, and was quite prohibitive and unwieldy. It wasnt long before I stopped taking a survival kit. Thankfully, one was not needed. But being unprepared for a crisis was the natural result. It wasnt until about 2010, that I was introduced to a fad paracord bracelets. Not being into fads myself, I bought one only for the thought of having 8 of paracord with me all the time. I liked the idea. Then I began to wonder if I could put a few additional items into the bracelet, woven in, thus making it even more beneficial to me in my traipsing in the outdoors. So, bit by bit, piece by piece, I began to add items that I considered to be of most importance in a survival situation. Having worked in a wilderness survival program, I knew what I could use, what was lightweight, and what was needed to sustain life. Thus, the Trilobite was born (names this way due to its shape). This booklet contains instructions, along with a story, on what to...
